**AUGUST 2025**

## *Bridge Street Construction*

Construction for the Bridge Street repairs are projected to be within the window of August through October. The specific dates for construction are not set yet.

A draft traffic control plan has been developed that provides for one lane of traffic to be left open on Bridge Street at all times during construction. There will be traffic delays during construction.

The work includes ADA ramps and pothole repairs, followed by the grind and inlay of Bridge Street between 4<sup>th</sup> and 12<sup>th</sup> Street.

For ongoing updates we advise that you follow along on our Facebook page and Mobile App linked below.

## *Water & Sewer Rate Increases*

New water and sewer rates have gone into effect with the July 20th billing cycle. These rate adjustments are based on an analysis of the costs to operate the water and sewer systems.

**Water rates have been increased 4% and the new rates are shown below. Sewer rates have been increased with an additional \$1.50 to the base rate.**

To reduce unnecessary costs, please repair any water leaks as soon as you become aware of them and consider implementing water conservation measures. Suggestions can be found at the City website, [www.lafayetteoregon.gov/water\\_conservation](http://www.lafayetteoregon.gov/water_conservation), and [www.regionalh2o.org](http://www.regionalh2o.org). If you have questions regarding your utility charges, please contact City staff at 503-864-2451.
